UPU Industries Ltd manufactures & distributes "Farmer's" Netwrap & Baler Twines and is a STEVE ORR LTD company

e2e™ Netwrap

An agricultural innovation, FARMER'S e2e Netwrap is a totally consistent product, as the same raw material is used to manufacture the whole net. There are therefore no differences in the tape elasticity and no built-in weakness in the net. When you use FARMER'S, you enjoy the reliability of a totally uniform net that spreads across the whole bale.
